Order and activate internet

1. Follow these steps to order

- Start by ordering your service by clicking the 'Order' button.
- If you choose to register your order with your Swedish social security number, Telenor will perform a credit check. This will enable you to easily upgrade your speed or add additional services to your account.
- Follow the steps and enter your user information.
- You will receive a text message with your username and activation code within 2-3 hours.

2. Activate internet

- Have you received the text message with username and activation code? Enter these in the right hand fields below.
- If you have completed your order after 20.30 o'clock you will receive the text message the following morning.

Confirmation & Activation

Confirmation & activation:

- Click *Ok* to close the confirmation window.
- Then enter your *Username* and *Password* you received by text and click the button *Activate*. Your service is now activated and you can access internet.
- *Please note that your Username and Password is only delivered between 07:00-20:30. If you order outside of these hours, then the text should be delivered early the next day.*

A confirmation dialog box with a close button (X) in the top right corner. The text inside reads: "Thank you! Your order is complete." followed by two bullet points: "- Within 2-3 hours you will receive a text message with your username and activation code." and "- If you have completed your order after 20.30 o'clock, you will receive the text message the following morning." A blue "OK" button is located in the bottom right corner.

An activation form with a light gray background. It contains two input fields: "Username:" and "Password:". Below the "Password:" field is a blue "Activate" button.

Issues?

1. Try to reach the activation portal by entering 10.255.1.33 in the address bar of your browser.
2. Disconnect any router; if possible, connect directly to the Internet port with your computer.
3. If you have changed your DNS settings you may need to select *Obtain DNS server address automatically* in your network settings.
4. Test with another computer or phone.
5. If you experience issues with our new activation portal we prefer that you e-mail our support at studentsupport.fastbredbandochtv@telenor.se for the best support as possible. Please include your address, personal data (if possible) and phone number.

FAQ:

Q: If I want to buy faster internet or a TV service, how do I do that?

A: First you need to register and activate your service with a Swedish social security number. Then you call us and we will help you with your upgrade.
